Strategic Contributor

Your Score: 48/60 points (45-54 points)

What This Means:

You're actively contributing to strategic conversations and business decisions. Your voice carries weight, but you're not yet driving the agenda.

You're recognized as a strategic thinker, but need to elevate from contributor to architect of business strategy.

Your #1 Breakthrough Priority:

Strategic Communication

Your Development Roadmap

Priority #1: Strategic Communication

You need to master executive-level communication. This means crafting compelling narratives, influencing without authority, and positioning technology as a strategic enabler rather than a cost center.

Priority #2: Cross-Functional Influence

You need to build political capital and cross-functional influence. This means developing authentic relationships with C-suite peers, understanding organizational dynamics, and navigating competing priorities to drive outcomes.

This Week - Immediate Actions:

1. Book a strategic positioning consultation
2. Join the Strategic Leadership Community
3. Download the Executive Presence Toolkit

Next 30 Days - Development Plan:

1. Develop your Strategic Narrative Template (problem-solution-impact framework)
2. Record and analyze your last 3 executive presentations for clarity and impact
3. Practice the 'Executive Elevator Pitch' for your key initiatives
